December 2020

## Happy Holidays!

The Integrated Water Management Plan Development Team wishes you a relaxing holiday season. We look forward to working with all of you in 2021 to develop an Integrated Water Management Plan for the Mid-Coast region of Oregon.

We're kickstarting the year with a series of six to eight remote meetings with charter signatories to develop draft actions and strategies that address partnership objectives and key water issues in the region. We'll then work with the Coordinating Committee and partners to prioritize those actions, followed by the development of a proposed schedule and budget to implement the actions.

As we work through this process, we'll be identifying potential sources of funding to implement the Action Plan for the Mid-Coast.

Stay safe, and we look forward to a productive 2021!

*The Integrated Water Management Plan Development Team*

### COMING IN JANUARY . . .

- Conduct remote meetings with charter signatories to draft Action Plan strategies.
- Continue to build out Oregon Explorer Landing Page, Map Viewer, and water reporting tools as well as a searchable archive of partnership documents.

"All the water that will ever be is, right now."  
~National Geographic

### Integrated Water Management Plan Development Team

#### Co-facilitators

Lisa DeBruyckere\* (Creative Resource Strategies) and Lisa Gaines (Institute for Natural Resources)

#### Oregon Explorer Development Team
